

Your Body, Your Choice: Consent 101

2022 Healthy Relationships Series Virtually

***15 participants maximum registered for each class

This class is the third part of the Virtual Healthy Relationships Series.

Learning about consent and boundaries is a necessary building block of healthy relationships and personal safety. In this class we will learn about the difference between public and private places, body parts, conversations, and behaviors. We will identify what consent is, how to tell when someone gives consent or not, and we will practice asking and giving or not giving consent.

The three classes describe different types of relationships and the roles they play in people's lives:

1. Private vs. Public

2. Bodies & Boundaries

3. Consent 101
